

The main entrance is to the right of the Mountain Warehouse showroom on the corner of Eccleston Street and Eccleston Place, opposite the Eccleston Street Post Office. Reception is on the second floor.

## By Public Transport

5 Eccleston Street is well placed for public transport being a few minutes walk from Victoria Main Line and Underground Stations. Walk across the main station concourse take the escalator up to Victoria Place Shopping Centre and turn right out of the exit adjacent to Sainsbury's. Cross to the Colonnades opposite, then cross Buckingham Palace Road. Taxis may be picked up easily outside the office.

## By Car

A space may be available in the office car park by prior arrangement (phone us on arrival to be let in), otherwise there is meter parking on both sides of Eccleston Place.

Road access is restricted as there is no left or right turn in either direction from Buckingham Palace Road. Eccleston Street is one way from just below the junction of Belgrave Road and Hugh Street up to Belgrave Square. The only approach to the office is from the south east via the A3213 Belgrave Road, then straight across the traffic lights on the junction with Buckingham Palace Road. See map for loop for traffic from north. **Please note that we are within the Congestion Charging Zone.**
